

## CAMERON MCCARTHY LANDSCAPE ARCHITECTURE'S LEADERSHIP ANNOUNCE THE HIRE AND PROMOTION OF FIVE OUTSTANDING PROFESSIONALS

Cameron McCarthy's leadership is delighted to announce the hire and promotion of five outstanding professionals who have exhibited great expertise and dedication to the firm. Claire Dosen has been promoted to Landscape Architect, and Liz Auvil, Chase Gonty, and Ethan Gefroh have now been promoted to Associates. The firm has also hired McClean Gonzalez as a Designer II.

Claire Dosen, RLA, ASLA

Liz Auvil, RLA, ASLA

Chase Gonty, RLA, ASLA

Ethan Gefroh, RLA, ALSA

McClean Gonzalez

**Claire Dosen, RLA, ASLA**, joined Cameron McCarthy's Portland office in 2021 after graduating with a Bachelor of Landscape Architecture from California Polytechnic State University. She has experience with K-12/higher education, parks and recreation, and master planning projects. Claire completed her LARE exams to become a fully licensed Landscape Architect this year! With strong graphic and construction documentation skills, Claire has shown great expertise in producing illustrative graphics involving site, grading, planting, and irrigation to contribute to successful project design and completion.

**Liz Auvil, RLA, ASLA**, joined Cameron McCarthy's Portland office in 2017. Liz holds a Bachelor of Landscape Architecture degree from the University of Oregon. She has developed a well-rounded set of skills in planning, public engagement, and landscape architecture. With experience working on national and international projects, Liz has brought excellence and

effective project management with a context-sensitive approach to projects. Liz has developed thorough public engagement strategies unique to the needs of each project and has excelled at synthesizing public engagement feedback.

**Chase Gonty, RLA, ASLA**, earned a Bachelor of Landscape Architecture from the University of Oregon, while also earning a double minor in Architecture and Architectural History with an emphasis on social and ecological sustainability in design. Joining Cameron McCarthy in 2021 as a Landscape Architect and Project Manager, Chase has guided projects with effective communication and built strong relationships with clients and consultants, emphasizing high-quality design and construction materials.

**Ethan Gefroh, RLA, ALSA**, earned a Bachelor of Landscape Architecture and a Bachelor of Science in Environmental Design from North Dakota State University. Hired by Cameron McCarthy in 2017, Ethan has been involved in various public and private projects, giving him an array of technical knowledge and experience. By combining his spatial and organizational instincts with his technical skillset, Ethan has created functional places that are navigated, occupied, and enjoyed by everyone. In the course of his tenure at Cameron McCarthy thus far, Ethan became a licensed Landscape Architect as well as a Project Manager, leading an increasing number of projects in the Central Oregon area.

**McClellan Gonzalez** first joined Cameron McCarthy as an intern this past spring and, as of this summer, has joined the firm full-time after completing master's degrees in both Landscape Architecture and Community and Regional Planning at the University of Oregon. McClellan also earned a Bachelor of Science in Environmental Design from Auburn University. At Cameron McCarthy, McClellan provides technical writing and visualization support for a wide variety of planning projects. His expertise includes drafting, visualization, and conceptual site design.

"Hiring a new designer and elevating four of our landscape professionals will help us continue to produce quality work and increase our ability to go after new projects," said Managing Principal Lauren Ransone, RLA, ASLA. "These professionals embrace the spirit of what Cameron McCarthy is all about. Thoughtfulness in design."

Please join us in celebrating these new staff achievements!
